

nakadi

Stream Smarter Scale Further No Compromise

Streaming, Solved.

Nakadi is a fully managed, white label TV service that launches in weeks - **delivering premium quality, massive scale, and lower costs** without the burden of running your own platform.

Why Nakadi?

Unmatched Quality - Flawless playback, even on weak networks

Massive Reach - Scale to millions of viewers seamlessly

Lower Cost - More users, less infrastructure

Any Environment - Cloud, on-premises, or hybrid

Future Ready - Continuous upgrades, no rip-and-replace

Independent - Fully owned stack, no vendor lock-in

Who We Serve

Broadcasters • Operators • OTT Providers

The Nakadi Advantage

Stop stitching vendors. Nakadi delivers an **end-to-end, future-proof service** so you focus on content while we run the tech.

**Let's build your TV service -
faster, smarter, and
at 10x lower
infrastructure costs**
